Build America Mutual Assurance Company ("Build America" or the "Company") is a New York domiciled mutual financial guaranty insurance company. The Company was capitalized on July 17, 2012 and received its license to write financial guaranty insurance from the New York State Department of Financial Services (the "Department") and commenced operations on July 20, 2012. Build America is also licensed in the District of Columbia and the remaining 49 states. Build America's financial strength and counterparty credit ratings of 'AA/Stable Outlook', from Standard & Poor's Ratings Services, were reaffirmed on August 13, 2013.

The first mutual bond insurance company, Build America is owned by and operated for the benefit of the cities, states and other municipal agencies—the municipal issuers—that use the Company's 'AA/Stable Outlook' rated financial guaranty to lower their cost of funding in the U.S. municipal market. Build America's unique corporate structure distinguishes it from traditional financial guaranty insurers in many important ways:

- Build America's charter, underwriting guidelines and credit policies permit the Company to insure only fixed rate, long-term, essential public purpose municipal bonds in core sectors for municipalities or entities that qualify for tax exemption under Section 115 of the Internal Revenue Code;
- Build America's mutual model permits capital growth to track insured portfolio growth, eliminating the need to "go
 public" to raise capital, to drive earnings growth to satisfy equity markets, or to engage in mission creep by
 taking on risks outside of the core municipal market; and
- In addition to its own strong capital base, Build America has the benefit of collateralized first loss reinsurance protection for losses up to the first 15% of par outstanding on each policy written.

Purchasers of financial guaranty insurance pay a fee to Build America which consists of a risk premium and a Member Surplus Contribution ("MSC"). The risk premium collected by Build America is consideration for the insured risk. As members of Build America, the municipal issuers have the right to vote and to receive dividends if declared.

The MSC is effective for the life of the policy, including refunding bonds of the same insured issue. The member is credited with the MSC in the event of a refunding if the refunding bonds are insured by Build America. The member will continue to receive dividends, if declared, and other benefits of mutual membership for the life of the policy. Dividend payments to members require regulatory approval through July 30, 2015. The Company's policies are issued without contingent mutual liability for assessment.

On July 17, 2012, the Company issued, for cash, the Series 2012-A Surplus Notes and Series 2012-B Surplus Notes (collectively, the "Surplus Notes") to HG Holdings, Ltd. ("HG Holdings"), a Bermuda holding company, and its wholly owned subsidiary HG Re, Ltd. ("HG Re") in the amount of \$203,000,000 and \$300,000,000, respectively.

The Company's reinsurance protection is provided by HG Re via a first-loss reinsurance treaty (the "Reinsurance Agreement"), whereby HG Re assumes all directly insured losses in an amount up to 15% of the par outstanding for each insurance policy. HG Re's obligations under the Reinsurance Agreement are secured by, and limited to the value of, high quality assets held in trusts, which are pledged for the benefit of Build America.

Both HG Holdings and HG Re are wholly owned subsidiaries of HG Global, Ltd. ("HG Global"), a Bermuda corporation. HG Global's controlling parent is White Mountain Insurance Group, Ltd., a Bermuda-domiciled financial services holding company ("White Mountains"), which owns 89% of HG Global's common equity and 97% of its preferred equity. Two of the Company's directors, Mr. Cochran and Mr. McCarthy, along with 11 of the Company's officers and employees, own individually or through family trusts the remaining common and preferred equity interests in HG Global.

1. Summary of Significant Accounting Practices

A. Accounting Practices

The accompanying statutory-basis financial statements have been prepared on the basis of accounting practices prescribed or permitted by the State of New York.

The Department recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of an insurance company for determining its solvency under New York State Insurance Law ("NYSIL"). The National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures manual ("NAIC SAP") has been adopted as a component of prescribed practices by the Department.

The Department has the right to permit other specific practices that deviate from prescribed practices. The Company has received permission from the Department to defer the recognition of the deferred tax liabilities attributable to MSC received until such time as the MSC are included in the Company's taxable income, to the extent that the total gross deferred tax liabilities exceed the total gross admitted deferred tax assets. The Department's permission to utilize this permitted practice expired on January 1, 2014. This permitted practice has no effect on either net income for the period ended December 31, 2013 or the year ended December 31, 2012 or statutory surplus at December 31, 2013 or December 31, 2012.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices permitted by the Department is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with statutory accounting practices prescribed or permitted by the State of New York requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the statutory financial statements, and the reported revenues and expenses during the reporting period. Such estimates are used in connection with certain fair value measurements, the evaluation of other-than-temporary impairments on investments and case basis loss reserves.

C. Accounting Policies

Up-front written premiums are earned on a basis proportionate to the remaining scheduled periodic maturity of principal and payment of interest to the original total principal and interest insured. Unearned premiums represent the portion of premiums written that relate to unexpired risk. When an issue insured by the Company has been refunded or called, the remaining unrecognized premium is earned at that time.

Premiums ceded to reinsurers reduce the amount of earned premium the Company recognizes from its insurance policies. Ceded premium is recognized in earnings in proportion to and at the same time the related gross premium revenue is recognized. Ceding commission income is recognized in earnings when due.

Expenses incurred in connection with the acquisition of new insurance business are charged to operations as incurred and are reduced for ceding commissions received or receivable.

In addition, the Company utilizes the following accounting policies:

- (1) Short-term investments and cash equivalents are stated at amortized cost.
- (2) Investments in long-term bonds with an NAIC designation of 1 or 2 that are not backed by loans are reported at amortized cost; amortized cost is computed using the effective interest method. For bonds purchased at a price below par value, discounts are accreted over the remaining term of the bond. For bonds purchased at a price above par value, premiums are amortized to the call date that produces the lowest yield, or, if there are no call features, premiums are amortized over the remaining term of the bond.
- (3) The Company did not hold investments in common stocks as of December 31, 2013.
- (4) The Company did not hold investments in preferred stocks as of December 31, 2013.
- (5) The Company did not hold investments in mortgage loans as of December 31, 2013.
- (6) Loan-backed securities with an NAIC designation of 1 or 2 are reported at amortized cost.

Changes in estimated cash flows, including the effect of prepayment assumptions, on loan-backed securities are reviewed periodically. Prepayment assumptions are applied consistently to securities backed by similar collateral. Loan-backed securities are revalued using the estimated cash flows, including new prepayment assumptions using the retrospective adjustment method. If there is an increase in expected cash flows, the Company will recalculate the amount of accretable yield. If there is a decrease in expected cash flows or if the fair value of the loan-backed security has declined below its amortized cost basis, the Company determines whether an other-than-temporary-impairment ("OTTI") has occurred.

For loan-backed securities for which the fair value has declined below its amortized cost basis and the Company either: i.) has the intent to sell the security, or ii.) does not have the intent or ability to hold security for a period of time sufficient to recover the amortized cost basis, an OTTI shall have occurred. The amount of the OTTI recognized in earnings as a realized loss will equal the entire difference between security's amortized cost basis and its fair value at the balance sheet date.

When an OTTI has occurred because the Company does not expect to recover the entire amortized cost basis of the security, even if the Company has no intent to sell and the Company has the intent and ability to hold, the amount of the OTTI recognized in earnings as a realized loss shall be equal to the difference between the security's amortized cost basis and the present value of cash flows expected to be collected.

(7) The Company did not hold investments in subsidiaries, controlled or affiliated entities as of December 31, 2013.

- (8) The Company did not hold investments in joint ventures, partnerships or limited liability companies as of December 31, 2013.
- (9) The Company did not hold derivative instruments as of December 31, 2013.
- (10) The Company anticipates investment income as a factor in premium deficiency calculations.
- (11) The Company's financial guaranty insurance contracts provide an unconditional and irrevocable guarantee of the payment of the principal and interest of insured obligations when due.

Case basis loss reserves are established in an amount equal to the present value of management's estimate of future claim payments. Case basis loss reserves are established on a contract-by-contract basis when an insured event has occurred or an insured event is expected in the future based upon credit deterioration which has already occurred and has been identified. Subsequent changes to the measurement of loss reserves are recognized as losses incurred in the period of change.

The Company did not have any loss reserves as of December 31, 2013. However, because the reserves are based on management's judgment and estimates, there can be no assurance that the ultimate liability will not exceed such estimates.

The Company is required to establish a mandatory contingency reserve in accordance with NAIC SAP, NYSIL and the insurance laws of each of the states in which it is licensed. The mandatory contingency reserve is a liability established to protect policyholders against the effect of adverse economic developments or cycles or other unforeseen circumstances. Under NAIC SAP, financial guarantors are required to establish a contingency reserve equal to the greater of 50% of premiums written or a stated percentage of the principal guaranteed based on the category of obligation insured. Contributions under NAIC SAP are made in equal quarterly installments over a period of 20 years for municipal bonds. Such contributions may be discontinued if the total reserve established for all categories exceeds the sum of the stated percentages multiplied by the unpaid principal balance. Under the Department's prescribed and permitted practices, a municipal bond insurer is required to establish a contingency reserve as calculated above except when another jurisdiction in which the insurer is licensed requires a larger contingency reserve. Certain states in which Build America is licensed may require contingency reserves greater than the amount required by NAIC SAP or NYSIL. Accordingly, the Company calculates contingency reserves using the requirements of each state in which it is licensed and records a contingency reserve equal to the greatest result. Contingency reserves must be maintained for the period specified above, except that the guarantor may be permitted to release reserves under specified circumstances in the event that actual loss experience exceeds certain thresholds or if the reserve accumulated is deemed excessive in relation to the guarantor's outstanding guaranteed obligations, with notice to or approval by the Department.

The NAIC SAP mandatory contingency reserve may be released on a first-in, first-out basis through unassigned surplus in the following circumstances:

- In any year where incurred losses exceed 35% of the corresponding earned premiums, with commissioner approval;
- If the reserve has been in existence less than 40 quarters, upon demonstration that the amount is excessive in relation to the outstanding obligations under the insurer's financial guarantees, with commissioner approval;
- If the reserve has been in existence more than 40 quarters, upon demonstration that the amount is excessive in relation to the outstanding obligations under the insurer's financial guarantees, upon 30 days prior written notice to the commissioner.
- (12) Build America's written policy with respect to the capitalization of prepaid expenses, electronic data processing equipment, software, furniture, fixtures, other equipment and/or leasehold improvements is that purchases of less than ten thousand dollars are not capitalized and are expensed when purchased.
- (13) The method of estimating pharmaceutical rebate receivables is not applicable, as Build America does not write medical insurance with prescription drug coverage.
- (14) The Company records its surplus notes at par, which equals the proceeds received at issuance. The surplus notes are recorded as a component of surplus. The payment of principal and interest on the surplus notes is subject to the approval by the Department. Unapproved interest and principal payments are not recorded in the Company's financial statements.

- A. The Company does not sponsor a defined benefit pension plan.
- B. The Company does not sponsor a defined benefit pension plan.
- C. The Company does not sponsor a defined benefit pension plan.
- D. The Company does not sponsor a defined benefit pension plan.
- E. The Company participates in a multiemployer defined contribution plan. All of Build America's employees are co-employed by Build America and a professional employer organization ("PEO"). Under this arrangement, the PEO is the employer of record; however, Build America directs the employees' day-to-day activities. Employees are eligible to participate in the PEO's defined contribution plan. Build America makes a matching contribution subject to limits set by the Internal Revenue Code. The Company provides a 100% match on employee contributions up to 3% of the employee's base pay. The Company provides a 50% match on employee contributions up to an additional 2% of the employee's base pay. The total cost to the Company of the defined contribution plan was \$377,688 and \$77,185 for the years ended December 31, 2013 and December 31, 2012, respectively.

H. Postemployment Benefits and Compensated Absences

The Company does not have any obligations for post employment benefits or compensated absences that have not been accrued for because the amounts could not be reasonably estimated.

I. Impact of Medicare Modernization Act on Post Retirement Benefits

The Company does not sponsor a postretirement health care benefit plan.

13. Capital and Surplus and Dividend Restrictions and Quasi-Reorganizations

- (1) The Company is a mutual insurance company and has not issued common stock.
- (2) The Company is a mutual insurance company and has not issued preferred stock.
- (3) The Company is a mutual insurance company and as such does not have any cumulative stockholders' dividends.
- (4) The Company is a mutual insurance company and does not have capital stock.
- (5) The Company is a mutual insurance company and does not pay ordinary dividends. Dividend payments to members require regulatory approval through July 15, 2015.
- (6) New York State's comprehensive financial guaranty insurance law defines the scope of permitted financial guaranty insurance and governs the conduct of business of all financial guarantors licensed to do business in the State of New York, including Build America. The New York financial guaranty insurance law also establishes single risk and aggregate risk limits with respect to insured obligations insured by financial guaranty insurers. Single risk limits are specific to the type of insured obligation. Under New York State Insurance Law policyholders' surplus and contingency reserves must be equal to or greater than a percentage of aggregate net liability. The percentage of aggregate net liability is equal to the sum of various percentages of aggregate net liability for various categories of specified obligations.

The Company only insures investment grade, fixed rate, long-term, essential public purpose municipal bonds in core sectors for municipalities or entities that qualify for tax exemption under Section 115 of the Internal Revenue Code. In addition, the Company maintains internal single and aggregate risk limits which are generally more conservative than the single and aggregate risk limits prescribed by New York State Insurance Law.

- (7) There were no mutual surplus advances during 2013.
- (8) The Company does not hold stock for special purposes.
- (9) There were no special surplus funds as of December 31, 2013.
- (10) There are no cumulative unrealized gains and losses in unassigned funds (surplus).
- (11) Surplus Notes

On July 17, 2012, the Company issued, for cash, the Series 2012-A Surplus Notes and Series 2012-B Surplus Notes (collectively, the "Surplus Notes") to HG Holdings and HG Re in the amount of \$203,000,000 and \$300,000,000, respectively.

The surplus note agreement provides for quarterly interest payments commencing on December 1, 2012, upon; i.) the Company's request for authority to make payment and ii.) the Department's approval of that request. These conditions to the payment of interest due on the surplus notes allow for the deferral of interest without the occurrence of a default under the surplus note agreement. The Company did not request Department approval for the interest payments through December 31, 2013 and does not anticipate requesting Department approval for the March 1, 2014 interest payment. No interest shall be accrued on deferred interest payments. The Surplus Notes are expressly subordinate and junior to the Company's policy obligations and all other liabilities other than distribution of assets to members. Because the Company is a mutual company, there is no liquidation preference for the insurer's common and preferred shareholders, as no such shares exist.

As funds become available to make interest and principal payments and subject to approval by the Department, payments will be made in the following order, satisfying each category of payment in full before beginning payments on the subsequent category: i.) the interest due and payable on the Series 2012-A Surplus Notes and the Series 2012-B Surplus Notes in pari passu, ii.) the outstanding principal of the Series 2012-A Surplus Notes, and iii.) the outstanding principal of the Series 2012-B Surplus Notes.

The Company may not make any payment of principal on the Series 2012-B Surplus Notes, or on any other debt subordinated to the Surplus Notes, until all interest due and all outstanding principal on the Series 2012-A Surplus Notes has been paid. In addition, the Company may not make any payment of principal on any debt subordinated to the Surplus Notes until all interest due and all outstanding principal on all of the Surplus Notes has been paid.

While the scheduled maturity date of the Surplus Notes is April 1, 2042, the Company has the option to pre-pay, in whole or in part, the principal amount of the Surplus Notes at par value prior to such date subject to Department approval and the conditions noted in the previous paragraph.

20. Fair Value Measurements

A. The fair values of the Company's financial instruments are determined primarily through the use of observable inputs. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from external independent sources. Unobservable inputs reflect management's assumptions about what market participants' assumptions would be in pricing the asset or liability based on the best information available. The Company classifies financial assets in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement. This classification requires judgment in assessing the market and pricing methodologies for a particular security. The fair value hierarchy is comprised of the following three levels:

Level 1: Valuations are based on unadjusted quoted prices in active markets for identical financial assets or liabilities:

Level 2: Valuations of financial assets and liabilities are based on prices obtained from independent index providers, pricing vendors or broker-dealers using observable inputs; and

Level 3: Valuations are based on unobservable inputs for assets and liabilities where there is little or no market activity. Management's assumptions and/or internal valuation pricing models are used to determine the fair value of financial assets or liabilities.

- (1) The Company did not record any of its assets or liabilities at fair value as of December 31, 2013 or December 31, 2012.
- During the years ended December 31, 2013 and December 31, 2012, the Company did not transfer any assets or liabilities into or out of Level 3. The liability for net financial guaranty insurance contracts at December 31, 2013 and December 31, 2012 had an estimated fair value of \$16,163,701 and \$225,568, respectively.
- (3) Transfers of assets and liabilities into or out of Level 3 are reflected at their fair values as of the end of each reporting period, consistent with the date of determination of fair value.
- (4) The following inputs, methods and assumptions were used to determine the fair value of each class of financial instrument for which it is practicable to estimate that value:

Bonds

The estimated fair values generally represent prices received from third party pricing services or alternative pricing sources. The pricing services prepare estimates of fair value measurements using their pricing applications, which include available relevant market information, benchmark curves, benchmarking of like securities and matrix pricing. The observable inputs used in the valuation of these securities may include the spread above the risk-fee yield curve, reported trades, broker-dealer quotes, bids, prepayment speeds, delinquencies, loss severity and default rates. In cases where specific market quotes are unavailable, interpreting market data and estimating market values require considerable judgment by management. Accordingly, the estimates presented are not necessarily indicative of the amount the Company could realize in the market. In these cases, the fair value measurements are primarily classified as Level 2.

Cash and Short-Term Investments

The fair value of cash and short-term investments approximates its amortized cost. The fair value measurements were classified as Level 1.

Investment Income Due and Accrued

The fair value of investment income due and accrued approximates carrying value, and the fair value measurements were classified as Level 1.

Net Financial Guarantee Insurance Contracts

The fair value of net financial guarantee insurance contracts represents the Company's estimate of the cost to Build America to completely transfer its insurance obligations to another financial guarantor under current market conditions. Theoretically, this amount should be the same amount that another financial guarantor would hypothetically charge in the market place to provide the same protection as of the balance sheet date. The cost to transfer these insurance obligations is based on pricing assumptions observed in the financial guaranty market and includes adjustments to the carrying value of unearned premium reserves, member surplus contributions and ceding commissions. The significant inputs are not observable. The Company accordingly classified this fair value measurement as Level 3.

- (5) The Company did not hold any derivative assets or liabilities at December 31, 2013 or December 31, 2012.
- B. The fair values of the Company's financial instruments are reflected in the table below.

- (3) The Company did not have any claim liabilities for financial guaranty insurance contracts inforce as of December 31, 2013.
- (4) Insured obligations are monitored periodically with the objective of identifying emerging trends, ensuring proper ratings for capital allocation and avoiding or minimizing losses.

Currently, all of Build America's insured obligations are "Performing" and exhibit no indication that the status will change. The Company does not establish any case basis reserves for insured obligations that are "Performing".

Should any of Build America's insured obligations exhibit weakness that could potentially lead to a rating of below investment grade, those obligations would be placed on Build America's "Watchlist" and would be monitored closely.

If the insured obligation requires distressed credit management, a team of Build America's professionals and, possibly, outside consultants or attorneys, would be engaged to work with the obligor to improve its financial situation and avoid or minimize losses to Build America.

If Build America determines that a loss on a Build America "Watchlist" policy is expected and measurable, then Build America would establish a reserve for that policy.

B. The Company did not have any claim liabilities for financial guaranty insurance contracts inforce as of December 31, 2013.

(a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
(b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;

- (c) Aggregate stop loss reinsurance coverage;
 (d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
 (e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity)
- during the period); or (f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the

reimbursement to the ceding entity.

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated

policyholders of the reporting entity is a member where:

(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or

(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract.

9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:
(a) The aggregate financial statement impact gross of all such ceded reinsurance contracts on the balance sheet and statement of income.
(b) A summary of the reinsurance contract terms and indicate whether it applies to the contracts meeting the criteria in 9.1 or 9.2; and
(c) A brief discussion of management's principle objectives in entering into the reinsurance contract including the economic purpose to be achieved.

9.4 Except for transactions meeting the requirements of paragraph 31 of SSAP No. 62R, Property and Casualty Reinsurance, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:

(a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or
(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP?
9.5 If yes to 9.4, explain in the Reinsurance Summary Supplemental Filing for General Interrogatory 9 (section D) why the contract(s) is treated differently for GAAP and SAP.
9.6 The reporting entity is exempt from the Reinsurance Attestation Supplement under one or more of the following criteria:
(a) The entity does not utilize reinsurance or

The entity does not utilize reinsurance; or The entity only engages in a 100% quota share contract with an affiliate and the affiliated or lead company has filed an attestation

The entity has no external cessions and only participates in an intercompany pool and the affiliated or lead company has filed an attestation supplement.

10. If the reporting entity has assumed risks from another entity, there should be charged on account of such reinsurances a reserve equal to that which the original entity would have been required to charge had it retained the risks. Has this been done?

11.1 Has the reporting entity guaranteed policies issued by any other entity and now in force?

11.2 If yes, give full information:

12.1 If the reporting entity recorded accrued retrospective premiums on insurance contracts on Line 15.3 of the asset schedule, Page 2, state the amount of corresponding liabilities recorded for: 12.11 Unpaid losses

12.12 Unpaid underwriting expenses (including loss adjustment expenses)
12.2 Of the amount on Line 15.3, Page 2, state the amount that is secured by letters of credit, collateral and other funds.
12.3 If the reporting entity underwrites commercial insurance risks, such as workers' compensation, are premium notes or promissory notes accepted from its insureds covering unpaid premiums and/or unpaid losses?

12.4 If yes, provide the range of interest rates charged under such notes during the period covered by this statement: 12.41 From

12.42 To

12.5 Are letters of credit or collateral and other funds received from insureds being utilized by the reporting entity to secure premium notes or promissory notes taken by a reporting entity, or to secure any of the reporting entity's reported direct unpaid loss reserves, including unpaid losses under loss deductible features of commercial policies?

12.6 If yes, state the amount thereof at December 31 of current year: 12.61 Letters of Credit

12.62 Collateral and other funds

reinstatement provision?

13.3 State the number of reinsurance contracts (excluding individual facultative risk certificates, but including facultative programs, automatic

facilities or facultative obligatory contracts) considered in the calculation of the amount.

14.1 Is the company a cedant in a multiple cedant reinsurance contract?
14.2 If yes, please describe the method of allocating and recording reinsurance among the cedants
14.3 If the answer to 14.1 is yes, are the methods described in item 14.2 entirely contained in the respective multiple cedant reinsurance contracts?

If the answer to 14.3 is no, are all the methods described in 14.2 entirely contained in written agreements?

14.5 If the answer to 14.4 is no, please explain

15.1 Has the reporting entity guaranteed any financed premium accounts?

15.2 If yes, give full information:
