Build America Mutual Assurance Company ("Build America" or the "Company") is a New York domiciled mutual financial guaranty insurance company. The Company was capitalized on July 17, 2012 and received its license to write financial guaranty insurance from the New York State Department of Financial Services (the "Department") and commenced operations on July 20, 2012. Build America is also licensed in the District of Columbia and the remaining 49 states. Build America's financial strength and counterparty credit ratings of 'AA/Stable Outlook', from Standard & Poor's Ratings Services, were reaffirmed on June 29, 2020. Build America is not licensed to write financial guaranty insurance in Puerto Rico or any other territory or possession of the United States, and it has no exposure to debt issued in Puerto Rico or any other territory or possession of the United States.

The first mutual bond insurance company, Build America is owned by and operated for the benefit of the cities, states and other municipal agencies — the municipal issuers — that use the Company's 'AA/Stable Outlook' rated financial guaranty to lower their cost of funding in the U.S. municipal market. Build America's unique corporate structure distinguishes it from traditional financial guaranty insurers in many important ways:

- Build America's charter, underwriting guidelines and credit policies permit the Company to insure only longterm, essential public purpose municipal bonds in core sectors for municipalities or entities that otherwise qualify for tax exemption under Section 115 of the Internal Revenue Code;
- Build America's mutual model permits capital growth to track insured portfolio growth, eliminating the need to "go public" to raise capital, to drive earnings growth to satisfy equity markets, or to engage in mission creep by taking on risks outside of the core municipal market; and
- In addition to its own strong capital base, Build America has the benefit of collateralized first loss reinsurance
 protection for losses up to the first 15% of par outstanding on each policy written as well as collateralized
 excess of loss reinsurance.

Build America collects a payment for every policy that it issues, comprising i.) a risk premium and ii.) a Member Surplus Contribution ("MSC") that is recognized as an addition to other than special surplus funds when collected. An issuer's MSC is creditable to the payment due when Build America guarantees debt that refunds a debt issue insured by the Company. Issuers whose debt is insured by Build America become members of the Company for as long as they have debt outstanding insured by Build America, and as members have the right to vote and to receive dividends, if declared, and other benefits of mutual membership. The Company's policies are issued without contingent mutual liability for assessment.

The Company benefits from both first loss and excess of loss reinsurance protection provided by HG Re, Ltd. ("HG Re"), The first loss reinsurance protection is provided via a reinsurance treaty (the "First Loss Reinsurance Treaty"), whereby HG Re assumes losses in an amount up to 15% of the par outstanding for each insurance policy. The excess of loss reinsurance treaty (the "Excess of Loss Reinsurance Treaty") provides last dollar protection for exposures on municipal bonds insured by the Company in excess of regulatory single issuer limits, subject to an aggregate limit equal to \$75 million.

HG Re's obligations under both the First Loss Reinsurance Treaty and the Excess of Loss Reinsurance Treaty are secured by, and limited to the value of the assets held in trusts, which include a beneficial interest in the Series 2018 Surplus Notes as well as other high quality assets, which are pledged for the benefit of Build America.

In addition to the reinsurance protection provided by HG Re, BAM is party to a collateralized excess of loss reinsurance agreement provided by Fidus Re, Ltd. ("Fidus"), a Bermuda based special purpose insurer created solely to provide reinsurance protection to BAM. Fidus was capitalized by the issuance of \$100,000,000 of insurance linked securities. Fidus provides prospective reinsurance for 90% of aggregate losses exceeding \$165,000,000 on a portion of BAM's financial guarantee portfolio ("Covered Portfolio") up to a total reimbursement of \$100,000,000. The Covered Portfolio consists of approximately 42% of gross par in force for BAM's portfolio of financial guaranty policies as of December 31, 2020. The Company uses deposit accounting for the excess of loss reinsurance protection provided by Fidus and HG Re.

The Company became a member of the Federal Home Loan Bank of New York ("FHLB of NY") on September 13, 2019

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying statutory-basis financial statements have been prepared on the basis of accounting practices prescribed or permitted by the State of New York.

The Department recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of an insurance company for determining its solvency under New York State Insurance Law ("NYSIL"). The National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures manual ("NAIC SAP") has been adopted as a component of prescribed practices by the Department.

The Department has the right to permit other specific practices that deviate from prescribed practices. During 2012, the Company received permission from the Department to defer the recognition of the deferred tax liabilities attributable to MSC received until such time as the MSC are included in the Company's taxable income, to the extent that the total gross deferred tax liabilities exceed the total gross admitted deferred tax assets. The Company has the Department's permission to utilize this permitted practice through December 31, 2020. The permitted practice had no effect on net income for the years ended December 31, 2020 or December 31, 2019. The permitted practice increased surplus by \$5,955,364 and \$6,012,584 as of December 31, 2020 and December 31, 2019, respectively.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices permitted by the Department is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with statutory accounting practices prescribed or permitted by the State of New York requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the statutory financial statements, and the reported revenues and expenses during the reporting period. Such estimates are used in connection with certain fair value measurements, the evaluation of other-than-temporary impairments on investments, case basis loss reserves and deferred tax assets and liabilities.

C. Accounting Policies

Upfront written premiums are earned on a basis proportionate to the remaining scheduled periodic maturity of principal and payment of interest to the original total principal and interest insured. Installment premiums are reflected in income pro rata over the installment period covered. Unearned premiums represent the portion of premiums written that relate to unexpired risk. When an issue insured by the Company has been refunded or called, the remaining unrecognized premium is earned at that time.

Premiums ceded to reinsurers reduce the amount of earned premium the Company recognizes from its insurance policies. Ceded premium is recognized in earnings in proportion to and at the same time the related gross premium revenue is recognized. Ceding commission income is recognized in earnings when due.

MSC payments are recognized as an addition to other than special surplus funds when collected.

Expenses incurred in connection with the acquisition of new insurance business are charged to operations as incurred and are reduced for ceding commissions received or receivable.

In addition, the Company utilizes the following accounting policies:

- (1) Short-term investments and cash equivalents are stated at amortized cost.
- (2) Investments in long-term bonds with an NAIC designation of 1 or 2 that are not backed by loans are reported at amortized cost; amortized cost is computed using the effective interest method. For bonds purchased at a price below par value, discounts are accreted over the remaining term of the bond. For bonds purchased at a price above par value, premiums are amortized to the call date that produces the lowest yield, or, if there are no call features, premiums are amortized over the remaining term of the bond.
- (3) Common stock investments are held at fair value.
- (4) The Company did not hold investments in preferred stocks as of December 31, 2020 or December 31, 2019.
- (5) The Company did not hold investments in mortgage loans as of December 31, 2020 or December 31, 2019.
- (6) Loan-backed securities with an NAIC designation of 1 or 2 are reported at amortized cost.

Changes in estimated cash flows, including the effect of prepayment assumptions, on loan-backed securities are reviewed periodically. Prepayment assumptions are applied consistently to securities backed by similar collateral. Loan-backed securities are revalued using the estimated cash flows, including new prepayment assumptions using the retrospective adjustment method. If there is an increase in expected cash flows, the Company will recalculate the amount of accretable yield. If there is a decrease in expected cash flows or if the fair value of the loan-backed security has declined below its amortized cost basis, the Company determines whether an other-than-temporary-impairment ("OTTI") has occurred.

For loan-backed securities for which the fair value has declined below its amortized cost basis and the Company either: i.) has the intent to sell the security, or ii.) does not have the intent or ability to hold security for a period of time sufficient to recover the amortized cost basis, an OTTI shall have occurred. The amount of the OTTI recognized in earnings as a realized loss will equal the entire difference between security's amortized cost basis and its fair value at the balance sheet date.

When an OTTI has occurred because the Company does not expect to recover the entire amortized cost basis of the security, even if the Company has no intent to sell and the Company has the intent and ability to hold, the amount of the OTTI recognized in earnings as a realized loss shall be equal to the difference between the security's amortized cost basis and the present value of cash flows expected to be collected.

- (7) The Company's investment in its non-insurance subsidiary is recorded based on the underlying equity of the subsidiary's audited financial statements presented in accordance with U.S. Generally Accepted Accounting Principles. Investments in unaudited subsidiaries are non-admitted.
- (8) The Company did not have any investments in joint ventures or partnerships as of December 31, 2020 or December 31, 2019. The Company's investment in its non-insurance subsidiary, a limited liability company ("LLC"), is recorded based on the underlying equity of the subsidiary's audited financial statements presented in accordance with U.S. Generally Accepted Accounting Principles. Investments in unaudited LLCs are non-admitted.
- (9) The Company did not hold derivative instruments as of December 31, 2020 or December 31, 2019.
- (10) The Company anticipates investment income as a factor in premium deficiency calculations.
- (11) The Company's financial guaranty insurance contracts provide an unconditional and irrevocable guaranty of the payment of the principal and interest of insured obligations when due.

Case basis loss reserves are established in an amount equal to the present value of management's estimate of future claim payments. Case basis loss reserves are established on a contract-by-contract basis when an insured event has occurred, or an insured event is expected in the future based upon credit deterioration that has already occurred and has been identified. Subsequent changes to the measurement of loss reserves are recognized as losses incurred in the period of change.

The Company did not have any loss reserves as of December 31, 2020 or December 31, 2019. However, because the reserves are based on management's judgment and estimates, there can be no assurance that the ultimate liability will not exceed such estimates.

The Company is required to establish a mandatory contingency reserve in accordance with NAIC SAP. NYSIL and the insurance laws of each of the states in which it is licensed. The mandatory contingency reserve is a liability established to protect policyholders against the effect of adverse economic developments or cycles or other unforeseen circumstances. Under NAIC SAP, financial guarantors are required to establish a contingency reserve equal to the greater of 50% of premiums written or a stated percentage of the principal guaranteed based on the category of obligation insured. Contributions under NAIC SAP are made in equal quarterly installments over a period of 20 years for municipal bonds. contributions may be discontinued if the total reserve established for all categories exceeds the sum of the stated percentages multiplied by the unpaid principal balance. Under the Department's prescribed and permitted practices, a municipal bond insurer is required to establish a contingency reserve as calculated above. Certain states in which Build America is licensed may require the establishment of contingency reserves greater than the amount required by NAIC SAP or NYSIL. Accordingly, the Company calculates contingency reserves using the requirements of each state in which it is licensed and records a contingency reserve equal to the greatest result. A guarantor may be permitted to release reserves under specified circumstances in the event that actual loss experience exceeds certain thresholds or if the reserve accumulated is deemed excessive in relation to the guarantor's outstanding guaranteed obligations, with notice to or approval by the Department.

The NAIC SAP mandatory contingency reserve may be released on a first-in, first-out basis through unassigned surplus in the following circumstances:

- In any year where incurred losses exceed 35% of the corresponding earned premiums, with commissioner approval;
- If the reserve has been in existence less than 40 quarters, upon demonstration that
 the amount is excessive in relation to the outstanding obligations under the insurer's
 financial guaranties, with commissioner approval;
- If the reserve has been in existence more than 40 quarters, upon demonstration that the amount is excessive in relation to the outstanding obligations under the insurer's financial guaranties, upon 30 days prior written notice to the commissioner.
- (12) Build America's written policy with respect to the capitalization of prepaid expenses, electronic data processing equipment, software, furniture, fixtures, other equipment and/or leasehold improvements is that purchases of less than ten thousand dollars are not capitalized and are expensed when purchased.

- (13) The method of estimating pharmaceutical rebate receivables is not applicable, as Build America does not write medical insurance with prescription drug coverage.
- (14) The Company records its surplus notes at par, which equals the proceeds received at issuance. The surplus notes are recorded as a component of surplus. The payment of principal and interest on the surplus notes is subject to the approval by the Department. Unapproved interest and principal payments are not recorded in the Company's financial statements. Interest expense is recorded when approved by the Department.
- (15) The Company records premiums paid for reinsurance contracts that are accounted for under deposit accounting as a reduction to net investment income. Cash recoveries from ceded deposit type reinsurance are included in net investment income. The net consideration paid at the outset is recorded as a deposit asset and subsequently adjusted by calculating the effective yield on the deposit agreement to reflect actual payments to date and expected future payments.

D. Going Concern

Management has evaluated the Company's ability to continue as a going concern and does not believe there are conditions or events, considered in the aggregate, that raise substantial doubt regarding the Company's ability to continue as a going concern within one year of the issuance of the December 31, 2020 Annual Statement.

- B. The Company does not sponsor a defined benefit pension plan.
- C. The Company does not sponsor a defined benefit pension plan.
- D. The Company does not sponsor a defined benefit pension plan.
- E. The Company participates in a multiemployer defined contribution plan. All of Build America's employees are co-employed by Build America and a professional employer organization ("PEO"). Under this arrangement, the PEO is the employer of record; however, Build America directs the employees' day-to-day activities. Employees are eligible to participate in the PEO's defined contribution plan. Build America makes a matching contribution subject to limits set by the Internal Revenue Code. The Company provides a 100% match on employee contributions up to 3% of the employee's base pay. The Company provides a 50% match on employee contributions up to an additional 2% of the employee's base pay. The total cost to the Company of the defined contribution plan was \$608,514 and \$588,170 for the years ended December 31, 2020 and December 31, 2019, respectively.
- F. The Company participates in a multiemployer defined contribution plan. The funds contributed to the defined contribution plan are separate and discreet to Build America's employees and are not subject to changes in rates or contributions of the other multiemployer plan contributors.

- C. The Company is a mutual insurance company and as such does not have any cumulative stockholders' dividends.
- D. The Company is a mutual insurance company and does not have capital stock.
- E. The Company is a mutual insurance company and does not pay ordinary dividends.
- F. New York State's comprehensive financial guaranty insurance law defines the scope of permitted financial guaranty insurance and governs the conduct of business of all financial guarantors licensed to do business in the State of New York, including Build America. The New York financial guaranty insurance law also establishes single risk and aggregate risk limits with respect to insured obligations insured by financial guaranty insurers. Single risk limits are specific to the type of insured obligation. Under New York State Insurance Law policyholders' surplus and contingency reserves must be equal to or greater than a percentage of aggregate net liability. The percentage of aggregate net liability is equal to the sum of various percentages of aggregate net liability for various categories of specified obligations.

Build America's charter, underwriting guidelines and credit policies permit the Company to insure only long-term, essential public purpose municipal bonds in core sectors for municipalities or entities that otherwise qualify for tax exemption under Section 115 of the Internal Revenue Code. In addition, the Company maintains internal single and aggregate risk limits which incorporate the single and aggregate risk limits prescribed by New York State Insurance Law.

On July 17, 2012, the Company issued, for cash, the Series 2012-A Surplus Notes and Series 2012-B Surplus Notes (collectively, the "Series 2012 Surplus Notes") to HG Holdings, Ltd. ("HG Holdings"), a Bermuda holding company, and its wholly owned subsidiary HG Re, in the amount of \$203,000,000 and \$300,000,000, respectively. During 2017, in order to further support BAM's long-term capital position and business prospects, HG Holdings contributed the \$203,000,000 Series 2012-A Surplus Notes to HG Re. HG Re subsequently surrendered the Series 2012-A and Series 2012-B Surplus Notes, and the Company issued surplus notes in the amount of \$503,000,000 (the "Series 2017 Surplus Notes") to HG Re in order to consolidate the Series 2012 Surplus Notes into a single series. In 2018, the Series 2017 Surplus Notes were exchanged for Series 2018 Surplus Notes, which mature on April 1, 2042, and reflect all of the unapproved interest from the Series 2017 Surplus Notes.

a Related Party to

the Surplus Note

Issuer

The Series 2018 Surplus Notes are held in an HG Re sponsored vehicle. HG Re's beneficial interest in the Series 2018 Surplus Notes is pledged for the benefit of Build America. The interest rate on the Series 2018 Surplus Notes is a variable rate equal to the one-year U.S. treasury rate plus 300 basis points. During 2018, Build America exercised its option to extend the variable rate period on the Series 2018 Surplus Notes for three years to December 31, 2021. In January 2020, the expiration on the variable rate interest period was extended from December 31, 2021 to December 31, 2024. Following the expiration of the variable rate period, the interest rate adjusts to the higher of the then variable rate or 8%. The Series 2018 Surplus Notes interest rate was 4.57% and 5.70% for the years ended December 31, 2020 and December 31, 2019, respectively.

The Second Amended and Restated Surplus Note Purchase Agreement (the "Second Amended Surplus Note Agreement") provides for quarterly payments on every March 1, June 1, September 1, and December 1, until all amounts due on the Series 2018 Surplus Notes have been paid, upon: i.) the Company's request for authority to make payment and ii.) the Department's approval of that request. These conditions to the payment of interest due on the Series 2018 Surplus Notes allow for the deferral of interest without the occurrence of a default under the Second Amended Surplus Note Agreement. No interest shall be accrued on deferred interest payments.

As funds become available, they will be used on each payment date to make payments of outstanding principal of the Series 2018 Surplus Notes, plus any accrued interest thereon. All payments in respect of accrued interest on the Series 2018 Surplus Notes shall be paid to the holders of the rights to receive such interest pro rata in proportion to their rights as of the date of any such payment. The Company may not make any payment of principal on any debt subordinated to the Series 2018 Surplus Notes until all interest due and all outstanding principal on all of the Series 2018 Surplus Notes has been paid.

The Series 2018 Surplus Notes are expressly subordinate and junior to the Company's policy obligations and all other liabilities other than distribution of assets to members. Because the Company is a mutual company, there is no liquidation preference for the insurer's common and preferred shareholders, as no such shares exist.

While the scheduled maturity date of the Series 2018 Surplus Notes is April 1, 2042, the Company has the option to pre-pay, in whole or in part, the principal amount of the Series 2018 Surplus Notes at par value prior to such date subject to Department approval and the conditions noted in the previous paragraphs.

For the year ended December 31, 2020, the Company made total Surplus Note payments of \$95,100,00, consisting of \$69,389,365 of principal and \$25,710,635 of interest. For the year ended December 31, 2019, the Company made a Surplus Note payment of \$32,000,000, consisting of \$23,645,903 of principal and \$8,354,097 of interest. Surplus Note interest expense for the years ended December 31, 2020 and 2019 was \$25,710,635 and \$8,354,097, respectively.

19. Direct Premium Written or Produced by Managing General Agents or Third Party Administrators

The Company did not write direct premiums through managing general agents or third party administrators.

20. Fair Value Measurements

A. The fair values of the Company's financial instruments are determined primarily through the use of observable inputs. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from external independent sources. Unobservable inputs reflect management's assumptions about what market participants' assumptions would be in pricing the asset or liability based on the best information available. The Company classifies financial assets in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement. This classification requires judgment in assessing the market and pricing methodologies for a particular security. The fair value hierarchy is comprised of the following three levels:

Level 1: Valuations are based on unadjusted quoted prices in active markets for identical financial assets or liabilities:

Level 2: Valuations of financial assets and liabilities are based on prices obtained from independent index providers, pricing vendors or broker-dealers using observable inputs; and

Level 3: Valuations are based on unobservable inputs for assets and liabilities where there is little or no market activity. Management's assumptions and/or internal valuation pricing models are used to determine the fair value of financial assets or liabilities.

(1) Assets carried at fair value at December 31, 2020 are as follows:

	Leve	<u>l 1</u>	Level 2	Level 3	Net Asset Value	1	<u>Total</u>
a. Assets at fair value Common Stock							
Industrial and Misc	\$	- \$	_	\$ 90,000	\$ -	\$	90,000
Total assets at fair value	\$	- \$		\$ 90,000	\$ -	\$	90,000

(2) During the year ended December 31, 2020 the Company disposed of \$5,100 of FHLB of NY capital stock that was classified as Level 3. During the years ended December 31, 2020 and December 31, 2019, the Company did not transfer any assets or liabilities into or out of Level 3. As of December 31, 2020, fair value measurements in Level 3 of the fair value hierarchy were as follows:

The estimated fair value of the liability for net financial guaranty insurance contracts as of December 31, 2020 and December 31, 2019 was \$267,016,547 and \$223,912,113 respectively.

- (3) Transfers of assets and liabilities into or out of Level 3 are reflected at their fair values as of the end of each reporting period, consistent with the date of determination of fair value.
- (4) The following inputs, methods and assumptions were used to determine the fair value of each class of financial instrument for which it is practicable to estimate that value:

Bonds

The estimated fair values generally represent prices received from third party pricing services or alternative pricing sources. The pricing services prepare estimates of fair value measurements using their pricing applications, which include available relevant market information, benchmark curves, benchmarking of like securities and matrix pricing. The observable inputs used in the valuation of these securities may include the spread above the risk-fee yield curve, reported trades, broker-dealer quotes, bids, prepayment speeds, delinquencies, loss severity and default rates. In cases where specific market quotes are unavailable, interpreting market data and estimating market values require considerable judgment by management. Accordingly, the estimates presented are not necessarily indicative of the amount the Company could realize in the market. In these cases, the fair value measurements are primarily classified as Level 2.

Common Stocks

The Company's common stock investments relate to holdings in the FHLB of NY. FHLB of NY's capital plan prescribes the par value of the capital stock is \$100 and all capital stock is issued, redeemed, repurchased or transferred at par value. Since there is not an observable market for the FHLB of NY common stock, it has been classified as Level 3. The fair value of the FHLB of NY's common stock is presumed to equal par as prescribed by SSAP 30R, *Unaffiliated Common Stock*. The fair value of FHLB of NY stock was \$90,000 and \$95,100 at December 31, 2020 and December 31, 2019, respectively.

Cash and Short-Term Investments

The fair value of cash and short-term investments approximates its amortized cost. The fair value measurements were classified as Level 1.

Investment Income Due and Accrued

The fair value of investment income due and accrued approximates carrying value, and the fair value measurements were classified as Level 1.

Net Financial Guaranty Insurance Contracts

The fair value of net financial guaranty insurance contracts represents the Company's estimate of the cost to Build America to completely transfer its insurance obligations to another financial guarantor under current market conditions. Theoretically, this amount should be the same amount that another financial guarantor would hypothetically charge in the market place to provide the same protection as of the balance sheet date. The cost to transfer these insurance obligations is based on pricing assumptions observed in the financial guaranty market and includes adjustments to the carrying value of unearned premium reserves, member surplus contributions and ceding commissions. The significant inputs are not observable. The Company accordingly classified this fair value measurement as Level 3.

- (5) The Company did not hold any derivative assets or liabilities as of December 31, 2020 or December 31, 2019.
- B. The fair values of the Company's financial instruments are reflected in the table in footnote 20(C).
- C. The admitted assets, fair values and related level classification within the fair value hierarchy of the Company's financial instruments was as follows:

- (3) The Company did not have any claim liabilities for financial guaranty insurance contracts inforce as of December 31, 2020 or December 31, 2019.
- (4) Insured obligations are monitored periodically with the objective of identifying emerging trends, updating the external and internal ratings and surveillance categories and avoiding or minimizing losses. The Company classifies each credit in its insured portfolio using the following surveillance categories:

I – Performing – Standard Oversight

Credit is performing well. No losses are expected.

II - Performing - Enhanced Oversight

Credit experiencing financial, legal, or administrative problems, causing overall credit quality deterioration or a breach of one or more covenants or triggers. Issuers in this category are, to the extent possible, taking all necessary remedial actions. For some issuers, factors outside of their control are the cause, at least in part, of the deterioration in their credit profile. Issuers in this category are more closely monitored by Surveillance. Despite the current credit difficulties, BAM does not expect any interruption of debt service payments and no losses are expected.

III - Watchlist - Deteriorated

Credit experiencing financial, legal, or administrative problems, causing overall credit quality deterioration or a breach of one or more covenants or triggers, which if not corrected could lead to a loss on the policy. Issuers in this category are not taking conclusive remedial action or are unable to do so due to external factors, requiring Surveillance to employ enhanced surveillance and loss mitigation procedures. This may include the development of a remediation plan in consultation with internal and/or external attorneys, and/or outside consultants. The objectives of any remediation plan would be to address the problems the issuer is facing and any external factors impacting the credit, as well as ensuring that creditor's rights are enforced and curing any breaches that may have occurred with respect to any credit triggers or covenants. BAM may work with other insurers, bondholders, and/or interested parties on remediation efforts, as applicable. Probability of a loss is remote.

IV – Watchlist – Distressed
A loss is expected or losses have been paid and have not been recovered or are not recoverable. Surveillance is employing enhanced surveillance and loss mitigation procedures, and may include a remediation plan developed in consultation internal and/or external attorneys, and/or outside consultants. Probability of a loss is elevated.

All of the Company's credits are deemed Performing and have been assigned to either category "I – Performing – Standard Oversight" or "II – Performing – Enhanced Oversight."

The Company has no gross claim liabilities or potential recoveries as of December 31, 2020 or December 31, 2019.

What provision has this reporting entity made to protect itself from an excessive loss in the event of a catastrophe under a workers' compensation contract issued without limit of loss: 6.1 The Company does not write and has not issued workers' compensation contracts.

6.2 Describe the method used to estimate this reporting entity's probable maximum insurance loss, and identify the type of insured exposures comprising that probable maximum loss, the locations of concentrations of those exposures and the external resources (such as consulting firms or computer software models), if any, used in the estimation process: The Company uses a number of internal models and tools to assess its probable maximum loss.

What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising

The Company benefits from both first loss and excess of loss reinsurance protection provided by HG Re, Ltd. ("HG Re"). The first loss reinsurance protection is provided via a reinsurance treaty (the "First Loss Reinsurance Treaty"), whereby HG Re assumes losses in an amount up to 15% of the par outstanding for each insurance policy. The excess of loss reinsurance treaty (the "Excess of Loss Reinsurance Treaty") provides last dollar protection for exposures on municipal bonds insured by the Company in excess of regulatory single issuer limits, subject to an aggreagte limit equal to \$75 million. HG Re's obligations under both the First Loss Reinsurance Treaty and the Excess of Loss Reinsurance Treaty are secured by, and limited to the value of the assets held in trusts, which include a beneficial interest in the Series 2018 Surplus Notes as well as other high quality assets, which are pledged for the benefit of Build America. In addition to the reinsurance protection provided by HG Re, BAM is party to a collateralized excess of loss reinsurance agreement provided by Fidus Re, Ltd ("Fidus"), a Bermuda based special purpose insurer created solely to provide reinsurance protection to BAM. Fidus was capitalized by the issuance of \$100,000,000 of insurance linked securities. Fidus provides prospective reinsurance protection for 90% of aggregate losses exceeding \$165,000,000 ona portion of BAM's financial quarantee portfolio ("Covered Portfolio") up to total reimbursement of \$100,000,000. The Covered Portfolio consists of approximately 42% of gross par in force for BAM's portfolio of financial guaranty policies as of December 31, 2020. The Company's excess of loss reinsurance protection provided by Fidus is accounted for using deposit accounting.

6.4 Does the reporting entity carry catastrophic reinsurance protection for at least one reinstatement, in an amount sufficient to cover its estimated

probable maximum loss attributable to a single loss event or occurrence? - 9.1 Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:

 (a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;

- (a) A contract term longer than two years and the contract is horical cellationer by the reporting entity during the contract term,
 (b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
 (c) Aggregate stop loss reinsurance coverage;
 (d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
 (e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the provision).
- the period); or

(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity.

(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or

(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its

- affiliates in a separate reinsurance contract.

 9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:

 (a) The aggregate financial statement impact gross of all such ceded reinsurance contracts on the balance sheet and statement of income.

SCHEDULE P INTERROGATORIES

- The following questions relate to yet-to-be-issued Extended Reporting Endorsements (EREs) arising from Death, Disability, or Retirement (DDR) provisions in Medical Professional Liability Claims Made insurance policies, EREs provided for reasons other than DDR are not to be included.
 Does the company issue Medical Professional Liability Claims-Made insurance policies that provide tail (also known as an extended reporting endorsement, or "ERE") benefits in the event of Death, Disability, or Retirement (DDR) at a reduced charge or at no additional cost? If the answer to question 1.1 is "no", leave the following questions:
 What is the total amount of the received for that provide (DDR) Receive) as reported explicitly or not elegables in this statement (in dellars)?
- 1.2 What is the total amount of the reserve for that provision (DDR Reserve), as reported, explicitly or not, elsewhere in this statement (in dollars)?1.3 Does the company report any DDR reserve as Unearned Premium Reserve per SSAP #65?1.4 Does the company report any DDR reserve as loss or loss adjustment expense reserve?

- 1.5 If the company reports DDR reserve as Unearned Premium Reserve, does that amount match the figure on the Underwriting and Investment Exhibit, Part 1A Recapitulation of all Premiums (Page 7) Column 2, Lines 11.1 plus 11.2?1.6 If the company reports DDR reserve as loss or loss adjustment expense reserve, please complete the following table corresponding to where
- these reserves are reported in Schedule P:

2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed	
effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense	
and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement?	Yes[X] No[]

3. The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, and in the claim count information is not available. allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this Statement?

4. Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on page 10?
If Yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be

reported in Schedule P - Part 1, Columns 32 and 33.

Schedule P must be completed gross of non-tabular discounting. Work papers relating to discount calculations must be available for examination upon request.

Discounting is allowed only if expressly permitted by the state insurance department to which this Annual Statement is being filed.

5. What were the net premiums in force at the end of the	year for: (in thousands of dollars)
--	-------------------------------------

5.1 Fidelity 5.2 Surety

6. Claim count information is reported per claim or per claimant (Indicate which).

6.1 per claim 6.2 per claimant

If not the same in all years, explain in Interrogatory 7.

7.1 The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses?

7.2 An extended statement may be attached.
